StandardDefaults

```
classDiagram
    class UTSDefaults_trait["«trait» UTSDefaults"]
    class UTSDefaults_impl["UTSDefaults"]
    class StandardDefaults
    UTSDefaults_impl --|> UTSDefaults_trait
    StandardDefaults --|> UTSDefaults_trait
```

The diagram shows a purple box named *StandardDefaults*. A line connects it to the *UTSDefaults* trait box, ending in a white triangle arrow, indicating that *StandardDefaults* inherits from or implements the *UTSDefaults* trait.
